Dear Seema ji,

I must thank you profusely for your simple and yet invaluable vastu tips.

The one about presence of Red Colour objects in North or North – east corners of house wrt health and low immunity merits special mention.

Until few weeks ago, I was mortally afraid about my and my family's health and low immunity, under current deadly spell of Covid. As I saw your video, I instantly removed the 5 red colour objects which were placed since long in the North and North East direction of my bedroom. After few days, when the Covid cases in our city were still mounting, my family pointed out that I was no more talking of possible ill health and low immunity ! I realised that the fear was not there as much and I was quite at peace.

It is important to note that nothing else had changed at home. I can, therefore, very convincingly attribute the positive change (i.e. getting rid of my unfounded worries about health and immunity) to the immensely powerful tips you shared. Above all, the changes cost me nothing,. neither in monetary terms nor in terms of efforts.

I strongly recommend Mrs Seema V Jain to my contact sphere.

Please accept my humble gratitude and thank you once again.

Yours truly

Sapna Somani
