I am Aayush Bajaj, Co-Founder of 'AR Finance Room', a brand operating under Teachbox Learning & Development LLP. I would like to place on record my appreciation for Mrs Seeema V Jain from Arrihant Vastu.

I was facing a lot of challenges in my business with nothing materializing in terms of work. I had met Seeema mam during my BNI days and decided to take a consultation. Seeema mam was very kind enough to travel to my place of work and suggested some changes without any material interior change.

To my astonishment, it did work wonders. I started getting work post the changes and got a very important contract from a big consulting firm. Since then, there was no looking back.

I strongly recommend the knowledge and work of Seeema mam to my contacts.

Thank you mam and wishing you the very best!
